[Applications](#)

**Positive parental control**

US Pat. 7690612 - Filed Feb 28, 2002 - Scientific-Atlanta, Inc.,

Under program control by the processor 444, the demultiplexing system 415 in communication ... The FLASH memory 451 also contains a platform library 456 ...

**Method of setting parental lock levels based on example content**

US Pat. 6984240 - Filed Dec 15, 1999 - Gateway, Inc.,

When a user such as a parent has requested a television program, and that program is not blocked by the parental control system, the information appliance

...

**Tumor suppressor molecules and methods of use**

US Pat. 6787646 - Filed Nov 12, 1999 - Immusol, Inc.,

Both the HF parental and the HF- control cells showed only modest (2- to 3-fold)

... In contrast, the library-expressing cells showed a dramatic 300-fold ...

**Chimeric promoters**

US Pat. 7074590 - Filed Jun 21, 2001 - Maxygen, Inc.,

Results for vector control and that induced by one or more of the four parental wild-type parental clones are presented in lightly shaded bars; ...

**File and content management**

US Pat. 7591920 - Filed Aug 21, 2002 - THOMSON Licensing S.A.,

The Parental Control Data structure provides viewing rights control with a ...

24 illustrates a special functionality of the GFS library that allows a file

**Synthesis of polyketides from diketides**

US Pat. 6680855 - Filed Jul 5, 1996 - Stanford University, Brown University

The differences in the members of the library may different control ...

Alternatively, the combination of synthase progeny of a single parental cell may not ...

**Modification of virus tropism and host range by viral genome shuffling**

US Pat. 6998339 - Filed Oct 30, 1998 - Maxygen, Inc.,

The infectious activities of both the control parental pool 60 and the shuffled

library fell to similar levels after one passage on the coculture cells, ...

**Cell-free synthesis of polyketides**

US Pat. 6274560 - Filed Aug 13, 1999 - Brown University Research Foundation, The Board of Trustees of the Leland Stanford Junior University

It is understood that the progeny of a single parental cell may not ... The differences in the members of the library may result from their being produced

...

**Polyclonal antibody composition for treating allergy**

US Pat. 6949250 - Filed May 25, 2001 - Symphogen A/S

In the control group B mice are used. The left lung is tied off and BAL of the ... region gene segments are linked together in a parental library in order to

...

**Structure-based selection and affinity maturation of antibody library**

US Pat. 7117086 - Filed May 20, 2002 -

9A is a sequence comparison between the parental sequence profile from ... to build a new hit variant library II for with no selective control of amino acid

...
